### ***For PEPCO Customers on Life-Support Equipment:***

If you or a member of your family is on life-support equipment, here are some tips on how to be prepared:

- Have a backup plan and make arrangements now for long-term outages.
- Consider whether a portable generator is right for your situation. If you purchase a generator, install it correctly and follow all safety rules.
- Sign up for PEPCO's Emergency Medical Equipment Notification Program. This service provides automatic advance notice of scheduled outages as well as warnings of large storms. The program DOES NOT offer priority restoration following outages. Customers must have their physician certify that a medical need exists.

To enroll or to obtain a free brochure, call (202) 833-7500 or visit [www.pepco.com](http://www.pepco.com) to download further information.
